What is the Personas M Series 87?

The Personas M Series 87 is a primary function ATM for exterior locations, delivering targeted account services to your customers at their convenience.

NCR's Personas M Series brings to market a set of flexible, upgradeable and configurable ATMs designed on a single platform. The Personas M Series 87 offers a wide range of cash, deposit and account based transactions from a secure, compact footprint making it the ATM of choice to deliver dedicated account services in vestibule and through-the-wall locations.

Configuration options on the Personas M Series 87 include cash accept, cash dispense, cheque accept, coin dispense, bill payment, statement print and/or passbook update. This ATM enables you to deliver a targeted set of account services to your customers any time, any place. The Personas M Series 87 improves the efficiency of your self-service channel by reducing your costs even further.

NCR's evolutionary design is evident at every level of the Personas M Series 87. The compact user interface is easy to use, integrated advertising panels and large display allow you to promote your products, your brand and offers third party advertising opportunities. Designed to fit your existing through-the-wall aperture, the Personas M Series 87 removes the need for costly re-building work and lets you reuse advertising surrounds.

NCR aims to protect your investment through world-class usability and design and our continual investment in technological advancements. The flexible nature of the Personas M Series lets you introduce new functionality and keep pace with the changing business environment. The Personas M Series offers a high level of security and standards compliance. This includes countermeasures to ATM fraud, support for EMV, Triple DES and Remote Key Management and public and private audio.

The Personas M Series 87 - delivers cost savings for you and direct benefits to your customers.

MORE RESULTS

- Drive-up ATMs can generate up to 50% higher transaction volumes than walk-up.
- User-friendly design increases customer confidence, maximising the volume of transactions you can migrate to your self-service channel.
- Protect your investment and upgrade the Personas M Series at your own pace.
